

Skills Assessment Tool

This tool is a general skill assessment; its purpose is to help identify learning deficits and strengths in a student intern.

Practical Skills:

Have you ever led a game? How often? What type?

What experience have you had disciplining students?

How would you discipline a student who keeps interrupting you?

What do you understand the role of the parent to be? How do you think a youth ministry can most effectively engage with the entire family?

Administrative Skills:

Have you ever worked within a budget?

If yes, what did you learn from that experience?

Were you able to keep costs within the budget?

Have you ever developed a youth ministry calendar?

Have you planned and executed an event? What type? How often?

What experience and or knowledge do you have about students with disabilities?

Teaching:

On a scale 1 to 10, 10 being very comfortable 1 being scared to death.

How comfortable are you teaching?

1 2 3 4 5 6 7 8 9 10

What experiences have you had teaching?

What is your philosophy of teaching? What do you believe is the most effective means of communication?

How do you effectively teach to multiple learning styles? Give an example of how you tried to teach to multiple learning styles?

Relationships

In what capacity have you worked with Junior High or Senior High Students?

Have you ever mentored a high school or junior high student?
